

Teutons and Russ Battle in Mountains

Another British Liner Flies American Flag While Crossing Irish Sea

LONDON, FEB. 10.—(12:17 p. m.)—The Eastern battle front completely overshadows the Western fighting line today as the center of military operations. The Teutonic allies evidently are making desperate efforts to advance, especially in the region of Galicia, to the south of Przemyśl and Lemberg, where attempts have been made to gain positions by sheer weight of numbers.

The general offensive movement of the Austro-German forces along the Carpathian mountains has been successful at the eastern end of the range, where the Russians are retreating into Bukovina.

Zeppelin Lost in North Sea?

LONDON, FEB. 10.—One of the newest German Zeppelin airships which has been missing four days is reported at Friedrichshaven, to have been lost in the North sea off the coast of Denmark, the Express is informed by its Geneva correspondent. The military authorities of Switzerland are investigating the circumstances under which Germans are reported to have fallen in the Swiss village of Lagern, the Express dispatch also states.

Hear From Karlsruhe

LONDON, FEB. 10.—The German cruiser Karlsruhe is now operating from a base on the northwest coast of Hayti, near Mole St. Nicholas, and is receiving supplies from American sources, according to information received by the British admiralty today. Representations on this matter may soon be made to the United States, which is said to have been informally advised of the situation.

Steamers from New York and New Orleans are reported to have been taking coal and provisions to Mole St. Nicholas for the Karlsruhe for several weeks.

Before Courtmartial

Paris, Feb. 10.—Mme. Bochoff will be brought before a court-martial the end of this month charged with having received army rations which had been appropriated by army paymaster Desclaux. She is the wife of a Paris dressmaker and she was taken into custody at her home in this city four days ago. The preliminary investigation of her case is now completed. It is charged she knew these military stores were stolen when she received them. Paymaster Desclaux also will appear before the court as will an army mail carrier named Daugiat, who is charged with having been an accomplice. The mail carrier carried packages from Desclaux quarters to Mme. Bochoff in Paris.

For Good of Public

Berlin, Feb. 10.—Although some uneasiness was caused here today by the preparations to issue "bread tickets," it was explained by officials that this step was taken to prevent exploitation of the public and not because Germany is in any actual danger of starvation. Lists have been distributed among the Berlin households which will be used as the basis for the distribution of bread tickets. Bakers will charge from 22 1/2 to 23 3/4 cents for a loaf of war bread weighing about four and a half pounds, this being the price established by the government. It will be sold only to those holding tickets.

Annoyed by Fanatic

Berlin, Feb. 10.—While Ambassador Gerard and a party from the American embassy were attending a theatre last night, they were greatly annoyed by a man in the audience who protested because they were speaking English. When this man was informed that his remarks were directed against the American ambassador, he began a loud and violent tirade against the United States for permitting the exportation of arms. The man was finally suppressed.

Read Out of Party

Amsterdam, Feb. 10.—Karl Liebknecht, the famous German Socialist, has been read out of his party because of his opposition to the war, according to a dispatch from Berlin. It says that Herr Ruehle, a Socialist member of the reichstag, made this announcement, stating that the delegates to the meeting, which discussed

(Continued On Page 5.)

East Ohio Mines Will Remain Idle

Efforts to Settle Strike Are Futile-- Operators Said to be Considering Open Shop Basis Again.

Cleveland, Ohio, Feb. 10.—No definite policy with reference to the eastern Ohio strike zone was formulated by coal operators at their session here today. Action was postponed, they said, pending submission of the report of the federal conciliators concerning their efforts to settle the strike, to Secretary of Labor Wilson at Washington.

Up To Labor Secretary.
Whether the conciliators' work will be finished when they file

their report with the secretary of labor seemed uncertain today. At noon neither Hywell Davies nor Daniel J. Keefe, the conciliators, had received word from Secretary Wilson. They planned, however, to prepare their report at once, saying that it probably will be submitted to the department of labor next week.

Again Offers Service.
Messrs. Davies and Keefe met with the operators for a time to (Continued On Page 8.)

\$2,112 State Award for Mother of Robert Laird

The first death award to be made in Coshocton county by the state industrial commission was made Wednesday to Mrs. Elizabeth Laird, mother of Robert Laird, who was killed January 20. The award was \$2,112.24 which is the largest amount ever

awarded to any person in this county under the state law. Laird was killed by a belated explosion at the Wolford coal mine south of this city. The proprietors of the mine had but a short time previous to the accident taken out insurance with the state department.

Looks Like Break With Erie Circuit

Following a meeting of the Coshocton Racing Association at the office of the county commissioners Wednesday night a break with the Lake Erie Trotting Association looms up as a probability. Much depends upon the success of David Jackson has when he goes to the meeting of the Ohio Racing Association at Lima next Thursday when an effort will be made to secure a meet from that circuit during the week of July 4.

That other members of the Lake Erie circuit will join with Coshocton in leaving the circuit is generally believed as a result of the dissatisfaction which exists on account of the dates which were arranged at the meeting in Pittsburgh Monday when the schedule was arranged.

Local Dates Too Early.
The Coshocton dates were assigned for the week of June 14 which the local association believes is too early for horsemen to become interested in. Following is a dispatch concerning the threatened revolt:

Pittsburg, Feb. 10.—General dissatisfaction was expressed by the representatives of Ohio tracks over the schedule of dates adopted today by the stewards of the Lake Erie circuit. None of the Buckeye tracks were suited and as a result two have already signified their intention of withdrawing and every intimation is given that two and possibly three others will

follow suit. The requests of the Ohio tracks exception of Cranwood but as A. C. Pennock had pledged himself to stick with the others. Cranwood can also be figured in the revolt which is almost sure to follow.

H. J. Kline, the North Randall (Continued On Page 8.)

Careless Boys Cause Serious Street Mishap

The condition of Miss Katherine Van Alstyne, who was injured Tuesday evening when she was knocked down by some boys who were playing on Main street, was reported to be unimproved Wednesday night. Although no bones were broken and it is not thought the injuries are internal, the victim was so badly jarred by the fall that she is unable to move her left side.

She is being cared for at her home on North Sixth street.

Bloodhounds Used to Trail Burglar Gang

New Philadelphia, O., Feb. 10.—The Nicodemus bloodhounds of Newcomerstown, put on the trail late Tuesday afternoon, tracked burglars who entered four Canal Dover business places and secured about \$100 worth of booty. Tuesday morning to the B. & O. railroad tracks. There the trail was lost. Police have no clue.

The places entered were Frank LePage's drug store, the Little Mission restaurant, Immel's feed store and the Hardesty Manufacturing company's office.

Stricken by Paralysis

The condition of Mrs. Andrew Shrock, who suffered a stroke of paralysis at her home in Fresno Monday evening, was reported to be unimproved Wednesday evening. Little hope is held out for her recovery.

GRAND ARMY NIGHT BRINGS BIG CROWD

Joe Sawyer, Aged 90, Coshocton's Only Veteran of Mexican War, Sings--Number of Converts Boost- ed by 53.

Warning on Livestock Quarantine

Prosecutor Porter received a telegram Wednesday from members of the state agricultural commission informing him of the ban on receiving shipments of cattle, sheep or swine in this state from sections under federal quarantine. The quarantine is placed by federal authorities to prevent a spread of the foot and mouth disease which has not been wiped out in certain sections. Following is a copy of the telegram:

Prosecuting Attorney:
Shipments of cattle, sheep or swine into Ohio for any purpose whatever from federal quarantined sections are prohibited until further notice. No shipments whatever from any part of the state of Illinois except the national stock yards at East St. Louis, are permitted.
Paul Fischer, L. P. Beechey, A. H. Sandles.

Newcomers Man Beaten, Asks \$500

New Philadelphia, O., Feb. 10.—Because he says he was beat over the head with a club, Edgar C. Patterson, of Newcomerstown, has sued John M. Stoffer, also of that village for \$500 damages in common pleas court.

Patterson says that on Jan. 26, 1915, Stoffer assaulted him, and struck him in the face with a club, cutting a gash in his cheek. He was also struck on the head and neck many times, Patterson claims.

As a result of the alleged beating, Patterson says he has been unable to transact his business, and expended a small sum of money for physician and nurse hire.

Samuel Robinson, of Newcomerstown, is Patterson's attorney.

Is Operated on at City Hospital

Mrs. Clifford Croskey underwent an operation at the City hospital Wednesday. The operation was performed by Drs. Pomerene, Shaw and Carr and the patient's condition was reported to be favorable Wednesday night.

Attorney George D. Klein was in Zanesville on business Wednesday.

Are Your Boys Well Dressed,

A healthy boy is a constant problem—especially when it comes to the question of clothing.

He can demolish shoes and stockings, tear trousers and work general destruction in ways that are almost incredible.

Every mother who has a boy to keep clothed should be an advertising reader.

She needs every penny's worth of buying knowledge she can get. She wants to know where to get quality and where prices are the lowest.

There is no better guide to the answers to the "Boy problem" than in the advertising columns of The Morning Tribune.

Another immense crowd marked the Wednesday night service at the tabernacle and long before the service began hundreds were standing about the wall unable to find seats.

It was "Grand Army" night and the veterans with their auxiliaries turned out in large delegations. Lead by the Salvation Army band playing "Onward Christians Soldiers," members of the Richard Lanning post were followed by the Woman's Relief corps and the Sons of Veterans. Back of these came delegations from the Pope-Gosser pottery and the Coshocton glass factory.

"Veteran Joe" Sings.
A feature of the service was the singing of "Rock of Ages," by Joseph Sawyer, the oldest man among the veterans and the only living veteran of the Mexican war in the county. Mr. Sawyer is 90 years old but as he sang the beautiful strains of the hymn his voice rang out clear and could be heard distinctly all over the house.

Dishes Presented.
During the preliminary services presentations of sets of dishes were made to Chorister Welch and Mr. Taylor, who has been doing such splendid personal work among the men in the factories.

The dishes for Mr. Taylor were a gift from the employees of the Pope-Gosser pottery and the presentation was made by one of the delegation. Members of the chorus gave the dishes to Mr. Welch and the presentation was made by George Gray.

53 Move Converts.
There were 53 conversions at the Wednesday night service bringing the total up to 1144. This afternoon Dr. Hamilton will talk at the parlor meeting at the home of Mrs. W. W. McCullough, 928 Orange street. His subject will be, "The Power that Wins."

Tonight will be the last night for a few days.

A meeting will be held in this city within the next few days when the officers will be elected and for the new J. C. McClurg Rubber Company has been carried over completed.

Organization of McClurg Rubber Co. is Postponed

On account of the fact that all of the incorporators could not be present Wednesday the business of organizing and electing officers for the new J. C. McClurg Rubber Company has been carried over for a few days.

Teachers' Institute at West Lafayette Saturday

The third of the four teachers' institutes assigned to the various districts of the county, will be held at West Lafayette Saturday. The following program has been arranged:

Morning Session 9:30
Music, West Lafayette High school male quartet.
The Teacher, Supt. A. A. Barton.
Penmanship, Prof. E. W. Johnson.
What the District Superintendent Expects of the Teacher, Supt. T. G. Syler.

Afternoon Session 1:30
Music, High school mixed quartet.
Class demonstration of primary reading, Miss Margaret Carroll.
Address, Supt. L. C. Shaw.
Round table discussion.
The West Lafayette high school pupils will serve dinner for the teachers attending.

The morning session will be held in the High school and the afternoon session in one of the churches.

France and Germany Had Plans for Peace

Paris, Feb. 10.—Certain French newspapers today reprint with the consent of the government censors, an article published in the Denocheur De Dehmont, stating that previous to the battle of the Marne a party existed in France which was ready to sign a peace treaty, at the same time ceding to Germany the towns of Briey and Nancy, French Lorraine, the Island of Madagascar and the protectorate of Morocco, as well as paying an indemnity. The article continues:

NO SEPARATE PEACE
"The answer to this proposal was the signing of a convention by the allies to make no separate peace. After this Caillaux was appointed to an important position in the pay corps, but later was relieved of this post and sent on a mission to Brazil."

Playing the Stock Market, Gambling

Columbus, O., Feb. 9.—Playing the stock market by buying and selling stocks on margins is gambling and those who suffer losses in doing so can recover from the broker.

That this is the view of the supreme court is indicated by its refusal to allow Otis & Hough, Columbus brokers, to file an appeal from the Franklin county courts, ordering them to pay more than \$2000 damages to Mrs. Margaret Bylar, for money she lost in playing the market.

Deeply Interested. Stock brokers throughout the state were deeply interested in the outcome of the suit. The decision indicates that they render them-

selves liable for damages when they place orders for stock which is bought on margins for patrons, because of the fact that this is construed to be a form of gambling.

Cannot Sell River. When J. L. Marsters contracted to buy the farm of Vanemon Marshall in Trumbull county, for \$500 an acre, he did not know that a little more than five acres of it was in the center of the Mahoning river and when he learned of this he refused to pay for the part in the river bed. Marshall sued him for the whole farm, including the part in the river bed. The supreme court Tuesday decided he did not have to pay for the part in the river.

Professional Training Need of Teachers

To the teachers of Coshocton County:

In answer to the many inquiries from teachers concerning the professional training and time of taking the examination would say that Sections 7822 and 7823, General Code, provide that applicants for certificates after January 1, 1915, shall possess an amount of professional training not less than six weeks of class room instruction in a recognized institution for the training of teachers. The Department of Instructions has ruled that applicants may take the first half of the examination before securing the normal training, but the normal training certificate must be secured before the second half of the examination may be taken.

The same rule may be applied in regard to the high school training, if there is a prospect that it may be completed by the time of the second examination after the one at which the first half of the subjects was taken. In all cases, by law, the examination must be completed not later than the second examination day after the

first part of the examination was taken.

Thus the first part might be taken May 1, and the second part August 27, after the summer session has been completed.

Regular examination within the year are held on first Saturday of January, March, April, May, Sept., October, and the last Friday of June and August.

L. C. Shaw, Co. Supt.

Some Light on Mountain Sickness

By BURTON K. STANDISH
(Written for the United Press)

WASHINGTON, D. C., Feb. 6. — Many an early Rocky Mountain trapper who mysteriously disappeared and who was supposed to have been killed by grizzlies or tomahawked by Indians, really died from the bite of a harmless looking wood-tick, according to officials of the Public Health Service.

Prior to 1902, it was generally believed that the words "spotted fever," "blue measles," "black fever" and "mountain fever" were nothing more than local terms used by Rocky Mountain physicians to designate such common diseases as scarlet fever, smallpox, measles and typhoid. It has since been discovered however, that there is a real distinctive mountain fever, common to the Rockies and adjoining territory.

A small wood-tick is responsible for the disease. The tick is supposed to have been spread by the vast herds of buffalo which once roamed the plains and later by the great numbers of range cattle. The real origin of the disease, however, cannot be determined.

The Public Health Service, is concerned over the problem of how to prevent the spread of the disease throughout the West and across the Mississippi into the East and the Atlantic seaboard.

The Service has made numerous attempts to solve the problem by locating all the known areas of infection in the Rocky Mountain region. Records were collected during the present year of 440 cases of Rocky Mountain fever in seven states. Twenty-nine deaths have been caused by it and two other states than those examined are known to have the disease within their borders.

The spotted fever or mountain fever, is therefore almost as dangerous as typhoid, though the total number of cases, compared with typhoid, is small indeed. In certain localities, however, the disease is a serious matter. There is one valley in southwest Montana whose development has been greatly retarded by the presence of the fever.

For the past four years, experts of the Public Health Service have been hard at work destroying the wood ticks and experience has shown that sheep-raising on ground which is tick-infested, is one of the best means of eradication.

The plan is to graze the herds of sheep in the foothills, where the ticks are very numerous. When the sheep have become sufficiently infected, they are driven higher up in the mountains, where the male tick dies and where the female tick drops off to lay her eggs. When the ticks hatch, there are very few animal "hosts" for them to live on and they soon starve to death.

For the past few weeks, Washington has been skating-mad. The extremely cold snappy weather prevailing between Christmas and

CONTINUATION OF THE Half-Price Coat Sale

Are you coat hungry? If so, you can find values here to more than please the most exacting taste. We feel safe in saying that never in the history of coat selling have garments the equal of these been offered at Half-Price, so ridiculous in fact that in most cases the prices would scarcely cover the cost of the raw materials, but nevertheless they must be cleared away.

The LAST DAY To DISCOUNT Your GAS BILL

damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

PRICES TO ALL

TABERNACLE

(Continued From Page 1.)

tend in delegations.

The sermon Wednesday night was, "The Leper Healed," and in part was, as follows:

"THE LEPER'S HAPPY SURPRISE"

Luke 17:11. "And it came to pass that as they went they were cleansed."

"The cleansing gospel of Christ is for all. No one can be cleansed unless he steps out on the promises of God. It is not only the privilege but the duty of all to live a noble, true, strong, vigorous life for Jesus Christ. Many try to cover their sins by making all sorts of excuses for continuing in them. But every excuse a man gives for not standing for Jesus Christ is a refuge of lies. When Christ saw the ten lepers

and heard their appeal for help, he said, 'Go show yourselves to the priest.' They did as they were commanded and as they went they were cleansed. If you will come to Christ and confess your sins, you will be cleansed.

"First, I hear some one say, 'I would go to Christ and be cleansed but I expect to be saved in my own time and way. I don't believe in any excitement. When I come to Christ, I want to be calm and cool.' I have always noticed that the devil keeps such people as cool as an ice box and as calm as a grave yard.

It is not excitement they fear so much as they do not want to be disturbed about their sins. One day a minister complimented little Johnny, saying, 'I am so glad to see you this morning Johnny and that you were so quiet during the sermon.' 'Well,' said Johnny, 'I had to be quiet for papa was asleep and I did not want to wake him up.' That is just why some people don't like revivals. They don't want to be honest with themselves. They want to sleep and slumber. They want their conscience to lie to them and not disturb them. They want to live on in their sins and devilment. They don't want anyone to remind them that they must repent or perish.

GOD HAS ANNOUNCED

"God has announced the way, 'Behold, one the Lord Jesus Christ and though he be saved.' He has announced the time, 'Behold now, is the accepted time, now is the day of salvation.' If you do not take this way and His time, you will never be saved. One of the grandest ministers I know told me that when he was led to Christ, it was during a revival meeting. Many were confessing Christ. He said, I know I ought to become a Christian. I know I am lost. I am a hopeless sinner without Christ. But I will never accept Christ during a revival meeting. It is not my way."

His pastor a godly man came to him and said, 'Will you not take your stand for Christ tonight?' 'No, it is not my way. I do not believe in any form of excitement.

Drink Hot Tea for a Bad Cold

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

Even Cross, Sick Children Love Syrup of Figs

Don't scold your fretful, peevish child. See if tongue is coated, this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour, bad fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless fruit laxative, and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet. Keep it handy. Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

ment. I will come into the church when the meetings are over, when everything is cool and calm." "Well," said the pastor, "My dear boy you are in the quietest world you will ever be in. If you go to heaven, you will hear the songs of the redeemed with loud voices. You will hear their shouts and hallelujahs. You will hear them praising God. Heaven will be a livelier place than this. My boy if you go to hell you will see more excitement there than you ever saw here. You will hear the oaths, curses, blasphemies and the wails of the lost forever. The walls of that place will be more exciting than this, when you join your shrieks and groans with the lost."

"The pastor left him with these two scenes. He said to himself, 'I never want to hear the wails of the lost and I will bear them if I don't repent of my sins and accept Christ. He went forward to confess his faith in Jesus Christ. I want to say to you, with all the love of my heart, who are holding up excitement as your excuse for continuing in your sins and grieving God, that if you should get into hell, you will find it more exciting than this, when you join your shrieks and groans with the lost."

SOME TAKE CHANCES

"Second, I hear another say, 'I would go to Christ and be cleansed, but I have decided to run the risk. I will take my chances with the rest.' You are not taking chances. You have no chance. You are running no risk, for risk implies a chance to win. But you have resolved to take the consequences. You have no shadow of a chance to win. You are simply facing the sinner's doom as God has declared in His Word, 'Now shall we escape if we neglect so great salvation?' Escape what? The doom of the sinner, the damnation of hell.

"It was during the revival season when young girl attended the services and became very much interested. Her pastor was pleased. One evening she was deeply moved. She bowed her head for awhile and when she lifted it, the tears were wiped away and she showed no more signs of concern. She was not seen at the meetings again. The pastor went to see her

"TIZ" FOR ACHING, SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelly feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous excretions which puff up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

in her final illness. The pastor asked her how she could face God in her impenitent state. She replied, 'Oh, that I might know that God would forgive me for what I did that night in the meeting.' He asked her what she had done. She said, 'I wrote something on the fly leaf of the song book.' Three or four hours after she had gone, her song book was found and on the fly leaf she had written, 'I will run the risk.'

Oh, madness. It is no risk. It is leaping into the darkness of despair. He that hath the Son hath life. He that hath not the Son hath not life. A few years ago the people were in a panic in a theater over the cry of fire by one of the actors. The audience arose and started to leave the building when a drunken man shouted, 'That's part of the play, you needn't leave.' Thinking it a part of the play, they sat down and laughed at their supposed folly. A few seconds later, another actor ran out and said, 'Get out, or you will be killed.' Again the people arose to leave the building and the drunken man said, 'That's part of the play. I have seen it before.' Again they sat down and in a little while the building collapsed killing many of them.

Some people look upon the preaching of the gospel as a stage affair. It is part of the business of the minister to warn men to flee from the wrath to come and people can take it seriously or not but the true minister of God, has no message of his own. He stands as an ambassador of God, saying, 'Thus saith God. Thus saith God. Laugh it down if you please, but you are mocking at your own calamity.'

THERE IS FORGIVENESS

"A mighty famine spread over Samaria so that the people ate their beasts of burden and ate one another. The ground was parched. Not a friendly blade of grass cheered the hungry starving outcasts without the gates of the city. Four lepers at the gate looked into each others pinched faces and said, 'Why sit we here until we die. If we enter the city, we shall die, famine is there. If we remain here, we shall die.' One said, 'Let us go to the Syrian host encamped. If they save us alive, we shall live. If they kill us, we shall but die.' In the twilight, they started for the Syrian camp ground. They were expecting to be halted by the sentinels. But not a man could be found. The tents were there. The horses and mules and supplies, but no Syrians. God had made them to hear the rumble of chariot wheels and the sound of the hoofs of the war horses and they fled in a panic. The starving men ate until satisfied. They filled their pockets with silver and fled to the famine-stricken city to give them word of relief.

The question comes, 'Why do you sit until you die? Your opportunities to serve Christ have been great. Your spirit of doing nothingness is fatal. There is forgiveness ahead of you. There is plenty. There is victory and glory for you. If you seek Christ with your whole heart, you will gain everything and lose nothing. If you do not seek Him, you will gain nothing and lose everything.'

PRAYER MEETINGS

Cottage prayer meetings will be held Friday morning at the following homes through the city:

- District 1, Mrs. C. W. Teale, 206 N. 2nd St.
- District 2, Mrs. Wilbur Barton, 132 W. 5th St.
- District 3, Mrs. Frank Carter, 328 S. 2nd St., and Mrs. Edward Schoonover, 319 S. 2nd St.
- District 4, Mrs. R. N. Barnes, 425 S. 3rd St.
- District 5, Miss Anna Williams, 534 Chestnut St.
- District 6, Mrs. Newton Speckman, 868 Chestnut St.
- District 7, Mrs. Fred Ashman, 1130 E. Chestnut St.
- District 8, Mrs. Smith Hughes, 16th St.
- District 9, Mrs. J. F. Albertson, 222 South Lawn Ave.
- District 10, Mrs. C. B. Hunt, 822 Main St.
- District 11, Mrs. Edmund Cone, South 7th St.
- District 12, Mrs. Jos. Harbaugh, 1035 E. Main St.
- District 13, Mrs. John Mapel, Cambridge and Walnut Sts.
- District 14, Mrs. Jesse Hall, 14th and Adams Sts.
- District 15, Mrs. Cornelius Mahley, 511 S. 6th St.
- District 16, Mrs. H. Kennedy, 358 Hamilton Ave.
- District 18, Mrs. Fred Huber, 717 South Lawn Ave.
- District 19, Mrs. Warner Bradford, 709 Pine St.
- District 20, Mrs. Balcs, Otsego Ave.
- District 21-22, Mrs. Maro Porter, Fairview Blvd.

LITERARY AT

FRESNO SCHOOL.

The Fresno High school will give the following Literary program Friday evening Feb. 12, at the school building:

- Song, School.
- Recitation, Florence Powell.
- Essay, Clayton Huff.
- Recitation, Ruby Edgerton.
- Instrumental duet, Elizabeth Chase, Pauline Mizer.
- Current events, Atha Renner.
- Pen picture, Melanie Troyer.
- Vocal Duet, Golda Leavengood, Alice Wyler.
- Recitation, Jay Bowen.
- Reading, Ernest Boyd.
- Essay, Leslie Deibel.
- Instrumental solo, Madge Park.
- Pen picture, Jessie Hamilton.
- Recitation, Waldo Thomas.
- Comedians, Sarah Arobogast.
- Song, School.

Debate—Resolved. That the president of the United States should be elected for a single term of six years.

Affirmed by Raymond Bowen, Lester Todd.

Denied, By Vergil Park, Carl Klein.

Program will be followed by a pie social. Proceeds for benefit of school. Time 7:30 p. m.

WIREWORMS

Wireworms are usually yellow or reddish brown, are smooth and chitinous, and have three of short legs near the front of the body. There are many kinds of wireworms and they vary in length from 1/2 inch to over 3 inches. They are readily recognized when grown into adult beetles. These beetles are known in certain localities as "click-beetles," "skip-jacks," "snapping

BEVERLY BAYNE
A Charming Member of Casanary's Eastern Stock Company.

Showing at Pastime tomorrow in "Any Woman's Choice," adopted from Munsey Magazine, with Francis X. Bushman.

Croup Relieved in Fifteen Minutes

No need to dose delicate little stomachs with nauseous drugs or alcoholic stimulants. Simply rub a little Vicks' "Vapo-Rub" Salve over the throat and chest. The vapors inhaled loosen the tough, choking phlegm and ease the difficult breathing. One application at bedtime insures a sound night's sleep. 25c, 50c, or \$1.00.

THE GENUINE HAS THIS TRADE MARK
"VAPORUB"
VICK'S Croup and Pneumonia SALVE

WHAT IT IS

The Buckeye State Building And Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

1. A model savings institution.
2. Organized under the State of Ohio Building and Loan Association laws.
3. Its object are to receive money and then loan this money to people to assist them in getting homes.
4. It teaches economy and urges people to be thrifty and to save their money.
5. Assets \$8,200,000. Five per cent paid on time deposits. Write or call for booklets.

Smith of Morgan in the House to abolish the Ohio Agricultural Commission and re-create the old unpaid Board of Agriculture will in no way affect the Extension conducted by the Ohio State University. These schools which are now in their sixth year have become increasingly popular with Ohio farmers so that a great deal of interest has been aroused by the proposal to decentralize the Agricultural Commission for fear that such sweeping changes might in some way affect the Extension Schools. According to Clark S. Wheeler, Supervisor of Extension Schools, a number of petitions have already been filed for Extension Schools to be held next winter. This is no doubt due to the fact that the law limits these schools to one in each county and many communities fearing that another in their county will also want a school are anxious to have their petitions filed first.

Peculiar After Effects of Grip this Year

Leaves Kidneys in Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are often very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50c, and \$1.00. For sale at all druggists. Be sure to mention this paper.

EXTRA SESSION SEEMS CERTAIN

President's Ire Aroused by Ship Purchase Bill Filibuster.

Washington, Feb. 10.—President Wilson has definitely decided to call an extra session of congress on March 5 if the senate filibuster on the ship purchase bill continues. He will call the special session both for appropriation bills which fail and to make another attempt to force through the ship bill in the next congress.

With no sign of a let-up and plenty of speakers ready to carry on the filibuster, the senate continued its continuous session, which began Monday noon.

The longest previous continuous session of thirty-eight hours and forty-five minutes was in 1893—the filibuster against the repeal of the silver purchase act.

The president's decision to call an extra session if the senate filibuster continues was reached at a conference with Democratic Leader Underwood of the house and senate leaders. It was stated that the president would not consent to drop the fight for the ship bill, either in the present or next session.

Another plan discussed at the White House conference was for immediate introduction and passage in the house of the Gore substitute ship purchase bill with the amendment favored by the Progressive Republican senators. A definite decision on this plan was not reached. House leaders said there was a majority of from twenty-five to thirty in favor of the legislation in the present house, but admitted prospects of such a bill in the next house, with a greatly reduced Democratic majority, were doubtful.

BANK ROBBER SHOT.

Cincinnati Cashier Proves Handy Man With Gun.

Cincinnati, Feb. 10.—A pistol battle between Cashier William Cross of the Mohawk German Banking and Savings company of this city and two men who attempted to rob the bank resulted in the death of one of the robbers.

Cross was uninjured, although the robbers first fired when within a few feet of him and when he grabbed for his pistol after being ordered by the bandits to throw up his hands. Following the first shot, the robbers grabbed a handful of bills lying on the cashier's desk and darted through the door. Cross followed, firing, and one of the men dropped with a bullet in him. He was removed to a hospital, where he died shortly afterward. The

other robber escaped. Bank officials claim that about \$700 was obtained. The dead man has not been identified.

SMALL LOSES JOB.

Insurance Commissioner Russell Re-opens Subordinate's Testimony. Columbus, Feb. 10.—State Insurance Commissioner Price Russell discharged his first assistant, Robert Small, on the ground that what Small told the Howard probe committee about him was unwarranted.

Small testified that Russell was a "burden" to the department and had "no gray matter in insurance matters." "I fired Small for what he said about me," said Russell. "I have been an insurance attorney for twenty years and know a few things about the business."

REBEL LEADER SHOT.

Germans Charge Colonel Maritz With Act of Treachery.

Pretoria, South Africa, Feb. 10.—Certain newspapers of Pretoria have published a report that Lieutenant Colonel S. G. Maritz, the Boer officer who has been at the head of the rebellion in South Africa, has been executed by the Germans for treachery.

Maritz's movement was reported by the Germans of German Southwest Africa. There is as yet no official confirmation of this report.

Jumped From Window.

Cincinnati, Feb. 10.—Blowing the nurses, a man registered as Frank Cook, twenty-six, laborer, of New York, leaped from his bed on the second floor of the city hospital and dived head foremost through a window. He struck the frozen ground on his shoulders, his neck was broken and he died almost instantly.

Girls Study Self-Defense.

Chicago, Feb. 10.—"Co-eds" at Northwestern university are going to perfect themselves in the use of the baton as a weapon of defense. Omer Lebel, formerly instructor in fencing at Yale, is to conduct a fencing class at Northwestern and he says fencing principles apply to the baton as well as the foil.

Joffre Gets Declaration.

Paris, Feb. 10.—A note appended to the official communiqué announces that King Albert of Belgium conferred the insignia of the grand cross of the Order of Leopold upon General Joffre in the course of their recent interview. The order is the highest Belgian decoration and was established by King Leopold I. in 1882.

Loaf Must Weigh a Pound.

New York, Feb. 10.—Aroused to action by the rise in the price of bread, Alderman Frank L. Dowling introduced in the board of alderman a proposed ordinance providing that a pound loaf shall be the standard in this city. A half of such a loaf may be offered for sale, but no single whole loaf shall weigh less than one pound.

GERMANS HELD BACK BY ALLIES

Fighting From Sea to Swiss Border Is Desperate.

Paris, Feb. 10.—Isolated conflicts at half a dozen points on the long battle line from the sea to the Swiss frontier are being fought with the utmost desperation. This is especially so in the Woivre region, the Argonne, at LaBassee and at Furnes. But, according to the reports reaching here, the Germans have been unable to gain any material advantage although they greatly outnumbered the French.

Elsewhere on the front the fighting is confined to artillery duels.

The Germans have been bringing up large quantities of men and supplies to the triangle of the Oise and the Aisne and it is expected that they will essay a general offensive in this section soon.

In front of the long LaBassee line the Germans have been reinforced by reserve Bavarian regiments, and in anticipation of an attempt to break through the British defense positions along the canal have been very greatly strengthened.

The Belgian artillery in the north is reported to have demolished part of a German trench and supply depot north of Nieupoort. Belgian forces, withdrawn for a fortnight to permit their being refitted, are now back holding all of the territory inside of their own frontier not occupied by the Germans and they are reported to be making slow but steady gains at a number of points.

In general, there is little change in the situation. The Alsace campaign is halted by the heavy snows, but both sides are in readiness to assume the offensive shortly.

WHITMAN STARTS PROBE.

Wants to Know Whether Bread Price Boost Justifiable.

New York, Feb. 10.—The price of bread was increased from 5 to 6 cents throughout New York city and vicinity. Rolls also went up from 10 to 12 cents a dozen and pie and cake in proportion. A few bakers have been charging 6 cents for several days.

With the higher price established it became known that Governor Whitman is keenly interested and is in close touch with the situation. He is being kept informed by Alfred L. Becker, deputy attorney general, who has been in this city for several days investigating the causes for the increase.

Mr. Becker explained that he is here principally to ascertain whether the governor would be justified in designating a special commission with power to summon witnesses and take testimony, to determine whether there has been a conspiracy or combination to raise prices on the part of large bakers or handlers of wheat and flour.

Charge of License Commissioners.
Hamilton, O., Feb. 10.—In issuing a saloon license, here to Miles D. Lindley, a Democratic political leader, the county liquor licensing board also issued a statement to the effect that the state liquor license board had ordered it to issue Lindley a license. The statement reads: "It has been apparent to us for a year that a mistake was made in appointing us, because we would not allow ourselves to be used to fulfill political promises made by the state board."

Mayor of Lima Dead.

Lima, O., Feb. 10.—Theodore D. Robb, mayor of Lima, is dead. He was stricken ten days ago with a cerebral hemorrhage. He will be succeeded as mayor by W. M. Standish, president of the council, who will fill out the unexpired term.

Scene from "The Circus Man" at The Mystic Theatre Friday.

NEWSY LETTERS

FRESNO.

Mrs. John Karr and Mary Scheetz of Canal Lewisville, visited at the home of the latter's parents, Mr. and Mrs. Adolph Scheetz Wednesday.

Mrs. Philip Wilhelm and Mrs. Henry Wilhelm entertained with a quilting and dinner last Wednesday the following ladies: Mrs. Margaret Boyd, Mrs. W. R. Boyd, Mrs. J. E. Boyd, Mrs. Walter Lowe, Mrs. John Brown, Mrs. John Lindecker, Mrs. Jacob Eberwine, Mrs. Lizzie Eberwine and Miss Emma Hothem.

Miss Ida Hothem spent last Thursday night in West Lafayette, with friends.

William Brown, William Herman and Peter Herman, were summoned as witnesses to Millersburg in the auto suite, Rudy vs. Mitchell. Mrs. Lizzie Cephart spent several days in Berlin, with friends.

BARNES

Mrs. George Eberwine spent Saturday with Charles Thomas and family near Halifax.

Miss Lizzie Miller, of Coshocton, is spending a few weeks with Mr. and Mrs. Charles Huff.

Mr. and Mrs. Lee Boyd entertained at dinner Tuesday the following guests: Mr. and Mrs. J. E. Hamilton and daughter Bernice, of Fresno, Mr. and Mrs. S. F. Boyd, Mr. and Mrs. E. E. Boyd and Mr. and Mrs. Ernest Boyd.

Miss Mildred Boyd has returned to her home after spending the past week in Coshocton.

Mr. and Mrs. Herman Scheetz spent Sunday with Charles Huff and family.

Miss Emma Boyd has returned home having spent the past ten days in Coshocton with relatives. William Foster was through here on business, Monday.

FRESNO ROUTE 3.

Victor Hothem, has been with his brother Arthur the past week, who has had the mumps.

Edward Eberwine spent Tuesday night with his uncle and aunt, Mr. and Mrs. Jacob Schlarb, of Holmes county.

Ray Philips will work for B. J. Lower the coming summer.

To permit a person in any seat in an automobile to regulate its speed without the knowledge of the chauffeur is the purpose of a German invention.

Rub Rheumatic, Aching Joints And Stop Pain

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and can not burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains.

Two Have 116 Scores in Tourney

Two men, Lou Quackenbush and Charley Lorenz have so far hung up the record score of 116 in the headpin tournament, now being conducted at the Park View alleys. However, Quackenbush has just one pin the better on the total for five games, having 565, while Lorenz has 564. The tourney, in which a number of handsome prizes are offered, will close Saturday night and up to Wednesday night, the various entrants had the following scores:

Quackenbush, 114, 114, 116, 110, 111-565.

Lorenz, 112, 112, 113, 116, 111-564.

Arnold, 113, 110, 114, 111, 112-560.

Johnston, 113, 113, 111, 111, 112-560.

Zugschwert, 113, 113, 111, 112, 109-558.

Levensgood, 110, 111, 112, 108, 109-550.

Pfous, 112, 109, 109, 110, 110-550.

Dixon, 110, 112, 108, 108, 111-549.

Duling, 107, 108, 101, 108, 111-535.

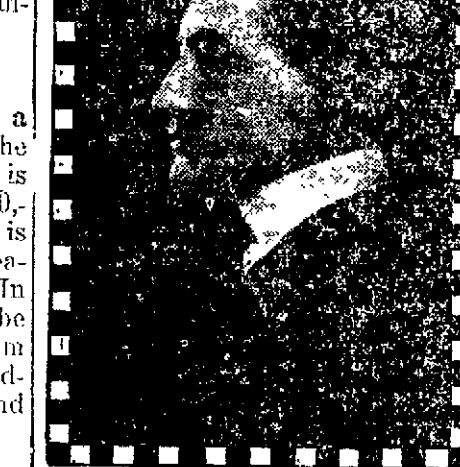

Barnes 107, 108, 104, 109, 104-532.

Metz, 103, 105, 108, 105, 102-523.

G. Smith, 90, 82, 89, 98, 106-465.

Hall, 106, 102, 102, 100-410.

Hahn, 103, 97, 104, 105-409.

Hamer-Crownapple Nuptials at Spring Mountain Church

One of the prettiest of the winter weddings in Coshocton county was that of Raymond Crownapple and Miss Minnie Hamer, solemnized in the St. Rose Catholic church at Spring Mountain Wednesday morning. The Rev. Father Reynolds performed the nuptial mass and a large company of relatives and friends filled the church.

Promptly at 8 o'clock the strains of the wedding march were pealed forth by Miss Emma Voegel, of Glenhart, and members of the bridal party took their places at the altar. The bride was gown in an exquisite creation of shadow lace over white satin and wore a veil caught with orange blossoms and reaching to the hem of the gown. She carried a large bouquet of pink and white carnations. Miss Irene Hamer, sister of the bride was her maid of honor and wore a pretty frock of pale yellow crepe over pink satin. Her veil was of black velvet trimmed with a single yellow rose.

Carl Crownapple, of Cleveland, was his brother's best man. Following the ceremony a dinner was served at the home of the

bride's parents, Mr. and Mrs. Frank Hamer, two miles south of Spring Mountain. Covers were laid for seventy guests and among those from a distance were: Mr. and Mrs. O'Brien, of Detroit, Mr. and Mrs. Henry Lower, Mr. and Mrs. Joseph Lower and families, of Danville, Mr. and Mrs. Joseph Richards and family, of Columbus, Mr. and Mrs. Noah Hamer, of Chicago, Mrs. George Voegel, and Miss Emma Voegel, of Glenhart, Mr. and Mrs. Carl Mitehell, of Millwood, Thaddeus Crownapple, of Notre Dame, Ind., Carl Crownapple, of Cleveland, Conrad Hamer, William Fletcher and Miss Ruth Haverick, of Coshocton, Lawrence O'Brien, of Mt. Vernon. Decorations at the house were of pink and white carnations and ferns.

Mr. Crownapple is a bustling young farmer of the Spring Mountain vicinity. He is the son of Mr. and Mrs. Joseph Crownapple, who reside two miles north of Spring Mountain and with whom he and his bride will make their home until spring, when they will go to housekeeping on a nearby farm.

Misses Lucile McNeal, Bess Sharples, Edna Beal, Ruth and Marie Shaw, Nelle Sharples, Connie Cochran, Sylvia Brillhart, Messrs. Noah Brillhart, Ralph Sharples, Fred Bucklew, Fred Sharples, Don Cochran, Don Foster, Paul Clark, Wernette Laughlin, Jerome and Patrick Thompson.

Entertain at Dinner.

Mr. and Mrs. James Graham, of Warsaw, very pleasantly entertained the following guests at dinner Wednesday: Mr. and Mrs. J. J. Sharpless, Miss Nelle Sharples, Ralph Sharples, Mr. and Mrs. L. D. Bower and daughter, Frances.

Organize Auxiliary.

The women of Trinity Episcopal church met in an interesting gathering at the church Wednesday evening, the occasion of the meeting being a visit from Mrs. H. E. Krapp, president of the Ohio branch of Woman's Missionary auxiliaries.

Mrs. Knapp presented the general view of the work and the deal of the organization and was listened to with great interest.

At the conclusion of the talk the organization of the Coshocton branch was effected. This organization will supersede the Ladies' Missionary society.

The plan of the Auxiliary is to take up the work of providing gifts of clothing for missionary work out in the fields and to participate in the "United Offering," and to promote interest in the study of missions.

Much enthusiasm in the work was shown among the members and great results are expected from the new society.

A Natural Ice Mine.

Among the rugged foothills of the Alleghenies, just beyond Coudersport Pa., one may see a most curious natural phenomenon. In a cave a few feet below the surface there exists a natural ice mine, the ceiling, walls and floor of the cave being perpetually covered with thick ice. Curiously enough during the heat of summer the ice is much thicker than in the coldest winter. Chemists who have tested the ice pronounce it to be absolutely pure natural ice, but no one has been able to discover the cause of this unusual formation. Although several theories have been proposed, some scientists believe that underground water, rising from great depths, congeals upon the walls but all theories thus far advanced have been unconfirmed, and the origin of the ice mine remains as much of a mystery as ever.—Wide World Magazine.

Secret Letter Opening.

It is said that secret service agents of certain of the foreign offices and police departments of foreign countries have raised letter opening to a fine art. Some kinds of paper, it appears, can be steamed open without leaving any trace, and this simple operation is followed by relubricating the flap with a bone instrument. In the case of a seal a matrix is taken by means of a seal bread before breaking the wax. When other methods fail the envelope is placed between pieces of wood with edges projecting one-twentieth of an inch. The edge of the envelope is first flattened, then roughened and finally slit open. Later a hair line of strong white gum is applied and the edges are united under pressure.

Mrs. Togo, from Nellyville, spent the week-end at Avalon cottage with her daughter Leah, who is teaching music at West Lafayette college.

City subscribers should insist that carriers give them a receipt.

WAR

(Continued from Page 1.) Liebknecht's actions voted against him 65 to 26.

Action is Approved

London, Feb. 10.—W. D. Boyer, the American publisher who was a passenger on the Lusitania when the American flag was hoisted by Captain Dow of the Cunard liner, has sent the following dispatch to Secretary of State Bryan at Washington:

"I was on-board the Lusitania. Every United States passenger, of whom there were over one hundred, fully approved of the putting up of our flag. It protected our citizens, mail and merchandise as well as the English."

Use "Stars and Stripes"

New York, Feb. 10.—Passengers on the Cunard line British steamer Orduna, which arrived here from England, said that the steamship flew the American flag for nearly twenty-four hours on Jan. 31, while passing through the Irish sea.

The stars and stripes, they said, were hoisted on Sunday about an hour after the Orduna left Liverpool and not hauled down until early Monday morning.

The Orduna was scheduled to call from Liverpool on Saturday, Jan. 30, but did not depart until 10.30 o'clock the next morning.

Passengers heard that the reason for the delay was that a German submarine was hovering in the vicinity. The American flag was raised, they said, shortly after the Orduna cleared the Morsey.

The steamship touched at Queenstown the same day and was flying the Stars and stripes when she entered and left the harbor, they said.

The explanation which the passengers said they received from some of the Orduna's under officers was that the American flag had been raised for the purpose of protecting the American citizens among the 240 passengers.

H. T. Strong of this city and James Ford of Lynn, Mass., were two of the passengers who said they would vouch over their names that the American flag was carried by the ship. They said it was not until she had cleared the Irish sea that it was hauled down.

Captain Thomas M. Taylor, commander of the Orduna, refused to discuss the matter, saying he was under orders from the British admiralty not to talk.

WILL SHIP STABILIZER.

Flyer America to Get Gyroscope From Curtis Factory.

New York, Feb. 10.—The Rodman Wamaker transatlantic flying boat America, which was sold to the British admiralty when the war made it impossible to start the over-ocean flight, will be equipped with a gyroscope stabilizer. The stabilizer, which weighs thirty-seven pounds, will be shipped on the Adriatic of the White Star line. The British government has bought several other machines of the America type from Glenn H. Curtiss, all of which will be equipped with stabilizers.

The America is said to be at a prominent naval aviation base not far from London, where Lieutenant John Cyril Porte is teaching British officers to fly this type of machine.

Morris L. Titterton, who was with Lawrence B. Sperry on the famous flights in France when the Sperry won the \$10,000 stability prize, sails on the Adriatic to install the gyroscope in the America.

THE CANTWELL SHOE CO.

FINAL CLEAN-UP For Friday and Saturday Only

15 prs. Men's and Women's Rubbers—odds and ends left from this season's selling. Your choice **10c**

WE have left from our Semi-Annual Sale, 92 pairs of Women's Tan Shoes in but one and lace. These shoes are all worth from \$3.50 to \$5.00 a pair and are not old styles, but the latest shapes and shades.

Where Quality Counts

Ed Shafer Gets Award of \$172.16

Columbus, O., Feb. 10.—The State Industrial Commission today granted an award to Edward Shafer, of West Lafayette, of \$172.16 for the injury recently sustained by him while in the employ of the West Lafayette Stamp and Enameling Co at West Lafayette.

The award of the commission was granted under the provisions of the Ohio Workmen's Compensation Law.

A medical bill of \$55 was also paid for him from the state insurance fund.

Panama-Pacific Exposition.

World's fair, or international expositions, seem to recur at frequent intervals. The Panama-Pacific International Exposition opens its gate to the public February 20, 1915 and doubtless will be the big attraction for America during the present year. The exposition extends over 635 acres on a narrow peninsula lying between the bay of San Francisco and the Pacific Ocean. It is claimed, that, owing to its peculiar location, the climate of the grounds is remarkably uniform throughout the year. The difference between the summer and winter temperature being only about 10 degrees and the variation in day and night temperature, about four degrees.

BIRTH NOTES.

The male population in the vicinity of Helmick has been increased by the arrival of two baby boys. Mr. and Mrs. John Donaldson and Mr. and Mrs. Frank Felders are the respective parents of the new arrivals.

RECOVERS FROM MUMPS.

Prof. A. C. Pence is able to be back at school after being confined to his home on North Sixth street, by an attack of mumps.

KEENE DELEGATION

A delegation of Keene people will meet at the Pennsylvania passenger station Friday night to attend the tabernacle in a body.

BIRTH NOTE

An 8-pound son arrived at the home of Mr. and Mrs. Harry Kaser, on route 1, Wednesday.

Hearl Crowthers, a student at Ohio Medical college, Columbus, will arrive today to spend the remainder of the week at his home on South Third street.

Harry King, has returned to his home in Coshocton, after a week's visit with friends in Rootstown.

Double Header at W. Lafayette Friday Night

A double-header will be staged on the W. L. C. gymnasium floor Friday night. The Keene team will play the college second team and Doane Academy, one of the fastest prep school teams in the state, will meet W. L. C. varsity.

Pennsy train No. 34 will stop so that Coshocton fans can attend the game and return home the same evening. Don Porter will referee.

Asks That Big Mill be Postponed

Barbados, Feb. 10.—Jack Johnson, world's champion heavyweight pugilist, stated today that he wished to secure a ten-day postponement of his fight with Jess Willard at Juarez. He said he needed more time to get into good shape. He is trying to get into communication with Jack Curley, promoter of the battle.

Johnson also said that he would leave this afternoon for Havana, where he would begin his heavy training. He has been doing light work here since his arrival from Buenos Ayres.

The Juarez fight is scheduled to take place March 6. If Johnson's request is granted it will take place March 16.

Beverly Bayne at The Pastime

As interesting as "The Lady or the Tiger," is "Any Woman's Choice," the feature film to be shown at the Pastime theatre, Friday night. Beverly Bayne, will be seen as "The Woman," and Francis X. Bushman as, "The Mutual Friend." The point of the story lies in the Woman's choice between the Mutual Friend and her husband after exciting experiences.

ON BUYING TRIP

E. M. Steele, manager of the Monroe Steele dry goods store, left Wednesday night for New York to buy spring and summer goods for the store.

SICK LIST.

Little Jean Wheeland, of Zanesville, who has been seriously ill from pneumonia, at the home of her grandparents, Mr. and Mrs. James Newton, on East Main-st. is slightly improved.

Would Drop Attaches of Department

Columbus, O., Feb. 10.—Declaring that there is so little system in the state highway department that the work of engineers in charge of road and bridge work often overlaps and crosses, K. McKinley, engineer in charge of the efficiency department of the state civil service department, recommended to the Howard "extravagance" committee, Wednesday morning, that the department be reorganized along "efficiency lines."

There are too many high-salaried positions in the department, he said. He suggested that Commissioner Marker's salary be increased from \$4000 to \$6000; that two deputy commissioners' positions, at \$3000 be abolished and the remaining deputy given \$4000, and that four of the 12 division engineers might be eliminated with increase in service efficiency.

Secretary Not Needed. He recommended abolition of the position of private secretary to Commissioner Marker, now held by H. Atkinson, at \$2000 salary, and that also of Harry Bradbury's position of editing the highway magazine. He recommended that Chief Clerk Tilton's salary be reduced to \$1800.

The changes he advocated in the department will give the state the same service, at an economy of \$50,000 annually, he said.

Outlines Positions.

Among other recommendations he suggested the employment of two engineering draughtsmen at \$1800 and two assistant draughtsmen at \$900. He recommended that the testing department be added to the engineering department, with the employment of one chemist at \$1800 and three laboratory assistant at \$900. In the general office, he suggested the employment of a chief clerk at \$1500 to \$1800, a filing clerk at \$900, a bookkeeper at \$1200, a stock and blueprint clerk at \$500, a payroll clerk at \$900, a messenger at \$600 and four stenographers at \$90.

Memorial Talk by Mrs. Richards

Richard Lanning post, G. A. R. has secured Hon. R. G. Richards, of Steubenville, to give the annual memorial address in Coshocton, on May 30.

SICK LIST.

Miss Marie Dusenberry is confined to her home on Orange street suffering from mumps.

Cottage Prayer Meeting.

The cottage prayer meeting for District 10 will be held this morning at the home of Mrs. Henry Clark, on North Seventh street. Capt Laddow, of the Salvation Army will be the leader.

Married At Probate Office.

Rev. C. C. Edwin performed the ceremony uniting in marriage John Strouse, of Knox county and Miss Ella Weeks, of Tiverton, at 9.30 Wednesday morning. The ceremony was solemnized in the office of probate judge.

Guest at McCormick Home.

Mrs. Joseph Lockard, of Fresno, was the guest Monday, of Mr. and Mrs. M. H. McCormick, of South Seventh street, and attended the tabernacle service Monday night.

Give Waffle Supper.

The senior class of the High school will give a waffle supper at the Central High school building, Friday evening.

Teachers And Officers Meet.

The teachers and the officers of Emmanuel Lutheran church will meet this evening at the home of Allen Strohecker, on Fourteenth street.

Mr. and Mrs. Stockum Entertain.

Mr. and Mrs. Sol Stockum charmingly entertained a company of guests at their home near Plainfield Tuesday evening. Miss Ella Mortine entertained the guests with a number of musical selections and there were interesting games enjoyed. A lunch was served late in the evening to the following guests: Mr. and

By Carrier, a week 10c By Mail, a month 25c
By Carrier, a year \$5.00 By Mail, a year \$3.00

All mail subscriptions are payable in advance and paper stops on expiration. This is to comply with postoffice rulings and there will be no deviation therefrom.

The circulation of The Morning Tribune from Feb. 1, 1913, to Jan. 31, 1914 has been audited by THE ASSOCIATION OF AMERICAN ADVERTISERS and the figures verified under date of Feb. 13, 1914.

Communications must be signed by the authors, written on one side of the paper only, and shall not be in excess of 400 words. The paper reserves the right to reject such communications as it sees fit.

Cards of thanks, resolutions and obituaries will be charged for at 5 cents a line.

MILITARISM

There has never been stronger proof in our entire national life of our fitness for democracy than the refusal of our people in recent years to be stampeded by the appeals of the war mania. In all the clamor for more battleships and a larger standing army; in the face of war alarms from the military party in Washington, the people have calmly refused to be rattled.

In this respect we have certainly vindicated our ability for self-government above all other nations. The war party is trying to commit us to enormous annual expenditures for military preparedness. These men tell us we are not prepared for war in any part of the service, whether on land or on sea. The people have replied by asking where, if we are not prepared for war, have all the millions upon millions spent in past years gone?

The estimates for military purposes submitted to congress for the year beginning next July are more than a quarter of a billion dollars. Last year we appropriated more than \$94,000,000 for the support of the army, and almost \$141,000,000 for the naval service. Since 1908 the naval appropriations have risen from \$98,958,907 to \$140,718,434. During the same period the cost of the army has increased from \$78,634,582 to \$94,266,145. For 1914 the total expenditures for army and navy were \$234,984,579. And now we are asked for \$256,000,000.

What, if we have little or nothing to show for it, has become of all this money? That is the first question to be asked, and it should be pressed home as against those who are now trying to stampede the country. Clearly, an accounting should be demanded. In 1914, more than one-third of our total expenditure was for army and navy. If that is not enough to insure us adequate protection, the people would like to know how much is required. Shall we spend one-half or two-thirds of our income?

As a matter of fact our national defenses are in good condition. In his testimony recently Admiral Fletcher said that "we are not prepared for the worst emergency that might arise to protect ourselves from the greatest force available," and that "we would have to greatly enlarge our fleet to protect American interests against all combinations against us." But no one is proposing that we make provision for any such supreme crisis as that. The plain inference is that for a less dangerous contingency we are at least fairly well prepared.

General Scott, the new chief of staff, said that the condition of national defense is "constantly improving," and that in the matter of ammunition we are rapidly "approximating the necessary reserve." Of the needed reserve of ammunition we have 50 per cent. for twelve-inch mortars, 32 per cent. for sixteen-inch guns, 48 per cent. for fourteen-inch guns, 48 per cent. for twelve-inch guns and 100 per cent. for ten-inch guns. At the present rate of manufacture we shall have all we need in four years. General Scott thought that "we should get on hand the amount projected as soon as possible." "The condition of things," he said, "is constantly improving."

What we need to be concerned about, therefore, is not our defenses, but our traditions and ideals. These, indeed, are our best defenses after all. The whole world, cursed as it is with the spirit of militarism, is interested in their maintenance and never more interested than now. Here is our great chance to render a service to humanity. We can not do this if we yield in any degree to the hateful tendency that has worked such destruction abroad. Never were we

THE GROUCHY MERCHANT By WALT MASON

The grouchy employer whose head's always sore, is sure the destroyer of peace in his store. "I pay out good wages, the best in the town, and always," he rages, "my salesmen fall down. They come recommended as men hard to beat, but ere a month's ended they're dead on their feet." With ranting and railings he eases his mind, but to his own failings he's stupidly blind. He always is growling and roasting the clerks, his gloom and his scowling affect the whole works. No clerks can keep humming, with bows, smiles and becks, if some one is jumping all day on their necks. "It's no use to hustle and play a good game," they say, "the old cuss'll be mad just the same." Grown weary of nagging, they tread and they sulk, their spirits are sagging, they've grief in the bulk. The dealer and seller should look for a chance to boost the young feller who's keen to advance. The merchant is silly who rants by the year; his store has a chilly and dead atmosphere. His men are all wishing he'd cross the divide, so they could go fishing and let their jobs slide.

Copyright, 1914, by
Walt Mason

safer than now from foreign attack.

There is, therefore, no justification whatever for the howl that has been raised over our supposed unpreparedness for war. Our most imperative duty—and it is a noble one—is to develop our national life along the lines laid down by the wise men who built this nation.

Down in Mexico they have had nine presidents since Diaz. Here in America with no presidential election for two years the politicians are already desperately hunting for candidates.

A New York judge has decided that a girl "accustomed to the luxuries of life" can't live on less than \$5,000 a year. Thus it seems that a minimum wage is only a relative term.

The man who gives up and says he is in the hands of his physicians is in almost as sore straits as the candidate who declares himself to be in the hands of his friends.

The net profits of the Armour Company increased \$1,481,704 last year. This would indicate that business wasn't even psychologically bad last year with the meat trust.

Only old fogies criticize the creation of new offices. Isn't this a government for and of the people and has there ever yet been enough offices to go around?

The Wise Guy says: they are always advertising some new home remedy, but a good wife beats them all.

PEOPLES' FORUM

LOPSIDED LAWS

Editor The Tribune—

That there are laws upon the statute books of this state, if not the nation itself, that are decidedly lame, no one who has given this subject any degree of thought will conscientiously attempt to deny.

We are not saying that pernicious laws have been deliberately passed by the legislators, although judging from the sensational developments of a few years ago, even laws of this kind could scarcely cause any great surprise. Bills may also have been passed which contained "sleepers" which are capable of deceiving even the best of the legislators, as to their true purpose. Of course any unsound law may be contested and carried to the Supreme Court for a verdict as to its constitutionality, but it must be remembered that the majority of the people affected by the laws have not the means for carrying a case through the courts.

One law that certainly needs to be amended, is that governing the licensing of stationary engineers. Just so the operators of a steam plant have a licensed engineer in their pay, the law is fulfilled, even if said engineer is employed in some other part of the factory and does not visit the engine room oftener than once every half hour. Under those care are lives and property the safer: the licensed engineer who visits his plant once every half hour, or the wide awake, practical man who is on the job every minute. License should govern as well as permit.

The Mechanic's Lien is another law, upon the modus operandi of which the public needs to be better informed to prevent its break-

ing loose and financially destroying the very persons whom it is intended (?) that it shall serve. While this law, in all probability, meets the hearty approval of contractors, mechanics, and builders' supply houses, there is another phase which the following hypothetical case will illustrate:

A widow has been left a little money, and by borrowing a little more she decides to build a little home for herself and her brood. She trusts the contractor implicitly, and upon the presentation of receipts and vouchers has the contractor well paid off. About the time the home is completed, suppose the contractor suddenly goes into bankruptcy, and every Tom, Dick, and Harry at once file liens upon the property. The widow can not meet all these claims and the property sells for less than cost. The claim for borrowed money is met, and when the bills are all paid, the widow is gently but firmly set out upon the street, while the contractor, if he chooses—and he probably will—may take his homestead exemption and may walk the street jingling the dollars that the poor widow has made—over the wash tub, perhaps—while his creditors seize upon the few tangible articles which can be found.

I suppose the mechanic's lawyer would tell the widow that it was her duty to have seen that all claims for lumber, labor, etc. were satisfied, before she paid the contractor. Yes, we will admit that the widow made a mistake; for after building, we know, every widow has plenty of money to hire a lawyer, a detective, and a book keeper to make sure her contractor has paid his debts while working upon the building.

Would it not be more just to license every contractor and place him under bond for his obligations, and then let him take a lien upon the property?

To these laws might be added, parts of the game laws, farm drain laws, sections of the building code, and others which are so lame and ambiguous that the only real benefit derived therefrom is to the lawyers.

If legislators were elected for a longer term and barred from reelection, it might help the lopsidedness a little. As it is, it means political suicide for a legislator to antagonize any great organization, let it be the Labor Union, the Grange, the Liquor Organization, the Anti-Saloon League, or what not. Is it any wonder, when the interests of these powerful organizations conflict with those of individuals, that the laws are likely to be somewhat biased. "The man who fights and runs away will live to fight another day," is sometimes good political policy about the time a vote is taken on some important question; but how about a man who will fight and then vote with his opponents. Where would you place him?

Some time ago one of the scale pans fell from the statue of Justice on an eastern court house and barely missed the old judge. Maybe that Judge had misused Justice and she deliberately threw the pan at his head. If such a statue stood above the door of some of our legislative halls, it would not be at all surprising if she were to rise up in righteous indignation, at times, and hurl the Scales themselves at the heads of a group of legislators.

For years the legislative machine seems to have borne the legend QUANTITY rather than QUALITY, and to have been run at high speed. Hadn't we better

slow it down a little this time, as the raw material must certainly be about used up, and the quality of some of the products is likely to become impaired by being ground over so often.

COFFEE RECORD SMASHED.

United States Imported More Than Billion Pounds Last Year.

Washington, Feb. 10.—Another record coffee importation into the United States—more than a billion pounds—was made last year, according to the department of commerce. The other record years were 1904 and 1909, when the totals of such importations were, respectively, 1,113,000,000 and 1,140,000,000 pounds. The 1911 coffee importation was valued at \$105,000,000, or \$25,000,000 less than 1912, the highest value ever recorded.

Of the total importation of 1,011,600,000 pounds of coffee in 1914, Brazil, with 726,000,000 pounds, furnished the largest supply of any single country. Colombia was second, supplying 95,000,000 pounds. Hawaii and Porto Rico are furnishing an increasing share of the coffee consumed in continental United States. Hawaii last year supplied 3,501,698 pounds, against 108,265 pounds in 1894, and Porto Rico furnished 2,793,052 pounds, compared with 372,427 in 1894.

The American people consume more of the beverage than those of any other country, the Germans coming next. The per capita consumption of coffee in the United States is now more than ten pounds compared with 8.3 pounds in 1894.

FIRE IN ASYLUM.

Inmates of Epileptic Hospital Thrown Into Panic by Flames.

Gallipolis, O., Feb. 10.—Fire in a cottage at the Epileptic State hospital aroused the inmates and caused a near-panic. Property loss is small as the flames were extinguished by the hospital fire department before they had spread.

Spontaneous combustion in a pile of rags in the garret started the fire.

Satisfies Postal Law.

Washington, Feb. 10.—To inspect a little postoffice in far-away Guam, which pays its postmaster \$125 a year, is the object of a 25,000 mile journey which Postal Inspector E. P. Smith of this city is making, simply to satisfy the demands of law. A legal technicality precludes the inspection of Guam postoffice by inspectors from the Philippines. The inspection of the Guam office will be the first since 1908.

From Warsaw to Berlin is a distance of 398 miles.

Bread Tickets Issued.

Berlin, Feb. 10.—Although some uneasiness was caused here by the preparations to issue "bread tickets," it was explained by officials that this step was taken to prevent exploitation of the public and not because Germany is in any actual danger of starvation. Lists have been distributed among the Berlin households which will be used as the basis for the distribution of bread tickets. Bakers will charge from 22½ to 23½ cents for a loaf of war bread weighing about four and one-half pounds, this being the price established by the government. It will be sold only to those holding tickets.

Mutilated to Learn Trades.

Paris, Feb. 10.—The French cabinet has decided to create a national school at which mutilated soldiers will be taught trades. The school will be located at St. Maurice, near Charenton.

Many People In This Town never really enjoyed a meal until we advised them to take a

GIVES SECRET AWAY.

Steinmetz Tells How London Will Repel Hostile Zeppelins.

New York, Feb. 10.—How London will repel a Zeppelin attack was told at the Aero Club of America by Joseph A. Steinmetz, inventor of the air mine. Mr. Steinmetz, who is vice president of the Aero club of Pennsylvania and a prominent auto and motorboat builder of Philadelphia, has just returned from England, where he has sold the rights to use his device.

One of the Steinmetz devices consists of a small hydrogen balloon which lifts a high explosive and inflammable bomb. Each balloon is attached to a fine wire, two miles long, which is wound upon a windlass. Each pound of the wire weighs only four pounds and has a tensile strength of 120 pounds.

These balloons are to be held captive on the roofs of tall buildings and released when the Zeppelins are sighted. The balloon shoots up above the dirigible and if the dirigible hits the hair-like wire the balloon with its bomb is drawn in contact with the Zeppelin and an explosion follows.

The other Steinmetz device consists of a bomb carried by an aeroplane suspended by a wire several hundred feet below the machine.

More Opium Smugglers Held.

New York, Feb. 10.—Assistant United States Attorney Stanton arranged two more suspects in the Liverpool to New York opium smuggling plot before United States Commissioner Houghton. They were William Sadler and William Hammond, members of the crew of the American liner Philadelphia. They were sent to the Tombs in default of \$15,000 bail. Sadler and Hammond, it is charged, were in a conspiracy with William Miller and Frank J. O'Brien, and as their part in the plot brought over on a recent trip 100 cans of expensive smoking opium of the Li Yuen brand. O'Brien was arrested in a moving picture theater recently handing the 100 cans over to Customs Inspector Sorger, who had been posing as an opium dealer.

Sufrage Tea Big Success.

New York, Feb. 10.—The suffrage tea and tea at the Hotel Biltmore for the benefit of the men and women of the state who are out of employment on account of the war was a most pronounced success. The big ballroom was crowded with suffragists. Prominent actresses helped in pouring tea and actors and actresses of the state took part in the program. The entertainment was under the auspices of the New York State Woman Suffrage Association. It was even more successful than that of last year, when people were turned from the doors.

Buenos Aires province, Argentina, has 3,093,250 acres sown to wheat.

VON BETHMAN-HOLLWEG

German Chancellor Says Neutrals Must Take the Consequences

Photo by American Press Association.

NEUTRALITY NOT VIOLATED.

Canadian Flag Remains at International Meeting of Decorators.

Washington, Feb. 10.—Secretary of State Bryan solved the problem presented by the International Association of Painters and Decorators, now in session here, by declaring that under the circumstances it is not a violation of President Wilson's neutral proclamation for them to exhibit the flag of the Dominion of Canada on the platform with the American flag.

The painters and decorators are an international union and in 1903 the Canadian delegation presented to the body the colors of the Dominion of Canada, which thereafter turned with the American flag as a decoration behind the chairman. There was some discussion when the union met this year because of the war, and articles were published in local newspapers saying that the colors had been removed, whereupon the Canadian delegates had withdrawn. Mr. Bryan declared that not even the most sensitive anti-Canadian could construe the present practice as an exhibition of partisanship in the present war, and the colors remain.

To Limit Booze Consumption.

Montgomery, Ala., Feb. 10.—A bill preventing any person receiving more than one quart of liquor a month from outside the state became a law automatically. Governor Henderson declining either to veto or sign it. It is effective June 30, when the state goes dry. The governor vetoed a bill preventing circulation in the state of newspapers carrying liquor advertisements.

Kentuckians Lynch Murderer.

Mayfield, Ky., Feb. 10.—Tom Tinker, a white man, was lynched in the city square here. Tinker shot and killed Constable Dick Tart at Milber, when in a pistol duel with Tart and Sheriff J. N. Skaggs. The officers had a warrant for Tinker, charging him with having robbed several Mayfield stores. He refused to surrender when commanded.

Meets Death on Rail.

Fostoria, O., Feb. 10.—Moses Setler, sixty-two, was killed in the Toledo and Ohio Central yards when he stepped from the main track to a siding to avoid a freight train, and was struck by an engine. He leaves a widow and two children.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing up a mess of mustard, sour and water when you can so easily relieve pain, soreness or stiffness with a little clean, white MUSTEROLE.

MUSTEROLE is made of pure oil of mustard and other helpful ingredients, combined in the form of a pleasant white ointment. It takes the place of the out-of-date mustard plaster, and will not blister.

MUSTEROLE gives prompt relief from Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

ALL THE WORLD LOVES A LOVER

WHY?

Partly because of his ardor and enthusiasm, but mainly because he will not jeopardize his prospects by an UNSIGHTLY APPEARANCE.

You can bet your bottom dollar, that the world don't love a lover

IN A DIRTY SHIRT AND COLLAR

In society or in business, your APPEARANCE is the first essential. Let us help you make it good.

The Eureka Laundry Co.

No Stomach Pain Gas, Indigestion in Five Minutes

"Really does" put bad stomachs in order—really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.

Mr. and Mrs. W. C. Hawk. Mr. and Mrs. French Bahmer and son Ralph of Medina spent a few days with home folks.

Mr. and Mrs. Daniel Zimmerman spent Tuesday with Mr. and Mrs. Adah Hollin.

Mr. and Mrs. Guilford Finton and sons Waldo and Carl visited Mr. and Mrs. Mae Loveless Wednesday.

Miss Myrtle Schumacker spent Tuesday and Wednesday with her sister Mrs. M. Bahmer.

Joseph Smith is still confined to the house.

Mr. and Mrs. Orbe Draher and little daughter Kathleen of New Comerstown were the guests of Mr. and Mrs. A. A. Stephon Sunday.

A sled load of young folks from Creek spent Thursday evening very pleasantly at the home of Mr. and Mrs. Michael Bahmer.

Miss Pauline Mizer spent the week end with her parents Mr. and Mrs. C. E. Mizer.

Charles Riggie and grandson "Larde Mizer were in town Tuesday.

Mr. and Mrs. Jacob Bahmer are making an extended visit with relatives in the northern part of the State.

Mr. and Mrs. P. Enthich, Mr. and Mrs. Wesley Mizer of Evans Creek and Mrs. Adam Hahn of Falls Junction were guests of Mr. and Mrs. D. L. Mizer recently.

A number of young people spent Thursday evening at the home of Wm. Reiss.

Hobson Would Ask Japan to Explain

Washington, Feb. 10.—Representative Hobson of Alabama introduced a resolution today calling on the state department for any information it might have concerning the demands Japan is reported to have made upon China and asking whether these demands, if enforced, would imperil the open-door policy or the integrity of China.

Mr. Hobson said Japan's attitude toward China was of more significance than any other event of the war.

Reports to the state department from Tokyo and Peking so far have been so meager that officials say they have been unable to determine the exact nature of Japan's demands.

Washington, Feb. 10.—Representative Hobson of Alabama introduced a resolution today calling on the state department for any information it might have concerning the demands Japan is reported to have made upon China and asking whether these demands, if enforced, would imperil the open-door policy or the integrity of China.

Mr. Hobson said Japan's attitude toward China was of more significance than any other event of the war.

Reports to the state department from Tokyo and Peking so far have been so meager that officials say they have been unable to determine the exact nature of Japan's demands.

Neutrality Flag Saved Ship.

New York, Feb. 10.—Captain G. G. Green of the steamer Batisca, which arrived yesterday from Rotterdam for a new relief cargo for Belgium, told how his ship possibly was saved from being torpedoed because it flew a neutrality flag, reading "Commissioner for Relief in Belgium."

"The Batisca arrived January 2 at the neutral passage of the North Sea," said Captain Green. "I did not see any battleships, but I saw quite a few submarines, and was stopped more than once. One submarine bobbed up out of the water alongside of me and then a voice shouted to me: 'What is your home port?' 'I answered in a hurry, 'a relief ship from the United States; home port Liverpool.' 'All right, go ahead,' said the voice, and directly the submarine disappeared."

Get \$2,000,000 Order.

Philadelphia, Feb. 10.—Rush orders have been received by the Baldwin Locomotive works from the French Government for 100 locomotives. It is estimated that the contract will amount to approximately \$2,000,000. The order is to be completed with all haste. The exact details of the plans for delivery could not be ascertained today, officials of the company maintained a discreet silence owing to the troubled condition abroad and the perils of the high seas.

The 100 locomotives would be of the light type that prevails on French railroads. While no definite figures as to the contract could be learned, it was said that each engine would cost in the neighborhood of \$20,000. This is based on the fact that the average heavy American locomotive cost approximately \$25,000. The order will mean great activity at the Baldwin plants.

Helig Olav Held Up.

New York, Feb. 10.—The Danish steamship Helig Olav, arriving here today from Copenhagen and Christiania, reports that on the outward voyage from this port, which she left December 3 the ship was boarded at Kirkwall, Scotland, by armed marines and detained for eight days, pending investigation as to the character of her cargo. Capt. L. Holst, master of the Helig Olav, a Scandinavian-American line steamer, said the reason of the detention was ultimately traced to a slip of the British censor handling cable dispatches.

London representatives of the Scandinavian-American line and the Danish consul, the captain said, "called on Sir Edward Grey and asked an immediate investigation, which disclosed the fact that a cablegram, saying that no copper was on board, had not been officially received. We were then released and allowed to proceed to our destination. During the time the ship was in charge of the British officers the cargo was not searched."

Consuls Ordered to Haul Down Flags.

Amsterdam, Feb. 10.—The German commander at Bruges, Belgium, ordered all the consulates there to haul down their flags and remove the coats of arms. The consuls, including the representative of Turkey, protested, but the order was enforced, in some cases with violence, and in addition the consuls were compelled to surrender all their arms.

English Ware Captains.

New York, Feb. 10.—Ships, regardless of nationality, arriving at or leaving English ports, are officially advised by the British admiralty to proceed with caution

MAKE THE BEST COUGH REMEDY AT HOME

Cheaper Than You Can Buy

When you have a severe, stubborn cough or cold, you want the best possible medicine you can get, therefore, why not buy one which is guaranteed to be found the most satisfactory remedy ever used by you, and get your money refunded by the druggist of this city named below, whom you know to be responsible, in case it should not prove so, instead of buying one purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and wasting your money? In buying Schiffmann's Concentrated Expecto-rant, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much excellent cough medicine as you would in buying many of the old-fashioned, ready-made kinds, because 50 cents worth makes a whole pint when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic and is unlike any other cough medicine. It is pleasant to take and children are fond of it. This druggist will refund the money to any person who finds this remedy does not give perfect satisfaction, or if it is not found the very best ever used for coughs, colds, bronchitis, croup, whooping cough or hoarseness. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy.

Druggists everywhere are authorized to sell it under the same guarantee. If your druggist will not keep it for you, order direct of R. J. Schiffmann, St. Paul, Minn. Guaranteed here by

WIMMER & ARNOLD DRUG CO.

Yes, Men Are Expected to Wear Pink Clothes

Chicago, Feb. 10.—No more lovely women reign supreme in the matter of gorgeous garb. Mere man promises—and threatens—to give her a fierce race for the honors in sartorial peacockage. Robed in the radiance of the dawn, he will go his ways of business or pleasure.

The "drammale" is no more. Pink—pert, pictorial and hitherto preposterous pink—is to be the prevailing shade in the clothes of men this summer, according to the forecast of the National Association of Merchant Tailors in convention at the Congress hotel today.

The conventional black in evening dress also receives a staggering punch. Hereafter the full dress coat of the really up-to-date moment man of fashion will have a lacy facing of pearl cream silk with the entire lining an even lighter shade of the same material. His opera carriage cape will have a lining of snowy silk.

Waistcoats are a trifle more ornate, but there are evidently no other noticeable vagaries in vests.

These styles come direct from New York and report has it that they have been hailed with acclaim.

The Palm Beach suit of last season is to be supplanted by cream silk pongees, and mostly to the Norfolk pattern, and promised as a boon to sweltering man in July and August.

Shows that 87 per cent of the reinforced concrete buildings, which were subject to a very intense heat, are in good condition, and of the machinery which they contained about 85 per cent can be used, with small repairs.

Buildings of other materials, together with cements, were entirely destroyed.

"We are using steel sash and wire glass in our repairs, and the concrete columns which show cracks are being made stronger by using more reinforcement with the addition of concrete put in place by cement guns.

"All permanent buildings which I will erect in the future will be built of concrete as the results of our fire as a triumph for this materials."

Big Boom in Building Business.

Cement Show exhibitors consist of the leading manufacturers of the concrete industry. Their faith in the business outlook for 1915 is indicated by the fact that there were 50 more applicants for spaces than could be accommodated in the Chicago Coliseum. Building operations depend so vitally on the general business conditions of the country that this is regarded as a strong indication that the promised business boom has actually arrived.

The Cement Show is a fair barometer, not only of the concrete industry for the ensuing year, but of general business conditions as well.

Coincident with the Chicago Cement Show will be conventions of the American Concrete Institute, American Concrete Pipe Association, National Builders Supply Association and the Illinois

Local Builders To Attend Chicago Cement Show

A number of contractors, building material dealers and builders of this city are planning to go to the Cement Show to be held in Coliseum in Chicago, February 10-17.

There are few if any industries which have seen as rapid a rise and development as that of concrete. This is due largely to the fact that it can be made by local contractors and builders right at the place needed. Most of the materials entering into concrete are obtainable in the immediate vicinity, and as local labor is used almost exclusively, the money used in building with this material goes back to local industries.

Exhibit Portrays Edison Fire.

Cement Show visitors will be particularly interested in the photographs and transparencies depicting the fire at the Thomas A. Edison, Inc., plant last December. Contrary to early newspaper comments this disastrous fire was a complete demonstration of the efficiency of fire-proof construction. Mr. Edison himself wrote the Chicago Cement management as follows:

"The report of our engineers

PLAN THE GARDEN NOW

Some time and thought should be given to planning the garden before time to begin preparing the soil for the seed. Many farm gardens may be greatly improved by a little planning by the farm household at this time. Success of the garden means satisfactory yields and full development of crops with economy of time, space labor and money. Send for seed catalogs and make up a seed list. Try a few novelties but make the main part of the order of standard varieties. A complete plan of the garden should be finished some weeks before garden operations are begun. It is well to draw a plan of the garden on which is shown the location of each kind of vegetable, fruit, or flower. On request the Extension Service, College of Agriculture, Columbus, O., will mail a bulletin on A FARM GARDEN.

ORRINE

CURES DRINK HABIT

So uniformly successful has ORRINE been in restoring the victims of the "Drink Habit" into sober and useful citizens, and so strong is our confidence in its curative powers, that we want to emphasize the fact that ORRINE is sold under this positive guarantee. If, after trial, you get no benefit, your money will be refunded. ORRINE costs only \$1.00 per box. Ask for Free Booklet, Wimmer-Arnold Co., Coshocton, Ohio.

"For constipation, we recommend the use of the Kosine Pill. A box of 30 pills 25c."

THE ONLY INVESTMENT

worth putting your surplus funds into is one that is tried and proven permanently sound, one that never slips a cog.

You have seen many examples of the investment that looks fairly sound, but which finally "goes to smash."

Just when you are congratulating yourself on your successful financing, your bubble bursts.

Millions of dollars in savings have been swept away by such ventures during the third of a century just past.

And in this same third of a century this "Old Home" Building Association Co. of Newark, because of its sound principles and careful management, has enjoyed a steady, natural growth, giving security and income to thousands of satisfied patrons not one of whom has ever lost a penny here.

Remember that the "Old Home" is permanently sound. You can easily deposit and withdraw money here by mail.

The HOME Building Association Co.
NEWARK, OHIO.
